# PABLO**GIRONE**

**FRONT-END DEV**

Responsible, self-taught and proactive. I like working in a team and constantly learning to keep growing in the IT world.

I use technologies such as React JS, Angular, Javascript, Bootstrap, JQuery, CSS3, HTML5 and GitHub for version control and collaborative work.

I also have knowledge of content management systems management systems (CMS) such as Webflow and Wordpress.

In addition, I manage tools related to Digital Marketing such as Meta Ads, Google Ads, Google Tag Manager and Google Analytics.
